Dear Subscriber,

The outstanding collection of numismatic literature that was consigned to us by Charles B. Fine represents a broad interest in the full scope of the numismatic world. For approximately eighty years, Charlie Fine has been a collector, dealer and surveyor of the coin world. He, along with his lovely wife Mabel, is still very active at coin shows and has a number of insightful tales to tell of the many personalities that he has known over these many years. His bookstamp will be found in a number of the items offered in this catalog.

In addition, other consignors include such noted names as Harry X Boosel - "Mr. 1873" - whose interest and specialization in this fascinating year is well-known and John W. Adams, the sagacious compiler of numismatic literature's treasures.

There are numerous "highlights" in this sale. They include A. W. Browning's personal copy of B. Max Mehl's sale of "Dr. French's Collection of U. S. Large Cents"; hardbound copies of a number of A. M. Kagin sale catalogs (truly scarce); a pristine, hardbound copy of "The Celebrated John W. Adams Collection of the Cents of 1794" (from Mr. Adams' library), many fine selections from Q. David Bowers & companies, and others.

It is most gratifying to note the strong interest in the collecting of numismatic literature and its correlation to the strength of the "collector-coin" market. Aaron Feldman's sage advice - "First the Book" - is being heeded by more and more savvy collector's every day.

Please note the change in item #7 of our "Terms Of Sale". Due to the recent postal rate increases, it becomes necessary to limit the mailing of our Prices Realized List to those of you who have been bidders, both in this sale and in the recent past. A nominal \$1.00 fee is requested from those of you who are interested in maintaining current market information.

A word about our price estimates that are to be found at each lot. These estimates are meant to be a guide for your bidding. They are not, however, some random figure, but are gleaned from careful analysis of recent market information found in sale catalogs of my fellow numismatic bibliopoles' offerings. Having stated that, please feel free to bid whatever you wish and note that we do reduce bids as competition dictates. One request: limit your bids to half-dollar increments.

A reminder that phone bids are accepted until the time of closing. Second bids are allowed, but with the proviso that the second bid will not be reduced.

For those who wish to "FAX" your bids, the number is (813) 381-6822.

**REMEMBER TO USE THE LETTER-NUMBER COMBINATION WHEN BIDDING!!!**

**Thanks for your business and "Good Luck!"**

## TERMS OF SALE

1. This is an unrestricted Mail Bid Sale. All lots will be sold to the highest bidder. Enter your bid by lot number. Please feel free to bid as much as you wish on each lot, with the realization that all bids will be treated as limits and all lots will be sold below these bids as competition dictates. Bids that are not entered in good faith or are totally ridiculous will be refused at the cataloger's discretion.
2. Closing date for this sale is Saturday, May 18, 1991 - 9:00 P.M. EDT
3. Bidders who are unknown to us are requested to supply two(2) bank or trade references prior to sale or submit a deposit equal to twenty-five percent(25%) of their total bid.
4. A Ten Percent (10%) Buyer's Fee will be added to each lot won. A packing charge of fifty cents per lot plus shipping charges will also be added.
5. **TERMS:** Strictly cash, payable in U.S. funds. Payment is due upon notification of successful bids. Title to all lots remains with the cataloger until paid for in full. Delivery may be postponed until full payment is received, at the discretion of the cataloger.

7. A prices realized list will be mailed to each bidder. A copy of the prices realized may be ordered for delivery after the sale. Price is one dollar (\$1.00) for those persons who are not bidders.
8. Mail Bid Sales are not approval sales. No lot may be returned without written authorization and this must be requested within three days after receipt of lots purchased.
9. All books are as described. Any errors or typographical mistakes will be happily corrected.
10. A Florida 6% Sales Tax will be added to all lots delivered within Florida, unless a valid resale number is on file with us.
11. The cataloger has attempted to describe the condition of each lot as to signs of wear. If no descriptor is noted, it may be assumed that the lot is in Fine(F) to Very Fine(VF) condition.
12. "Good Luck in your bidding."

**Q. DAVID BOWERS & COMPANIES**

Since 1955, when a very young Dave Bowers published his first price list, an extraordinary number of superb catalogs, books, price lists and other numismatic jewels have been offered over the ensuing 36 years. To say the least, they are the most eagerly sought volumes in numismatic literature. Along with Jim Ruddy, Ray Merena, Rick Bagg, Michael Hodder and others, Bowers has cataloged most of the great rarities and collections. These next lots will offer the collector a chance to fill out or enhance a collection of some of the most beautifully done catalogs that have been published.

COIN GALLERIES (Stack's)

The following lots represent nearly two-thirds of all of the offerings of this subsidiary of Stack's. Dealing primarily with Ancients, Foreign and World Coins and Medals, these catalogs are rich in fine photography, depth of description and classic rarities. The sale numbers listed have been assigned by Martin Gengerke in his magnificent "American Numismatic Auctions" opus. Superb opportunity to acquire a fine reference library.

ABE KOSOFF

A legend in the history of numismatics, Abe Kosoff produced many notable catalogs. His first appeared in 1940 and the last in late 1971. The firm name "Numismatic Gallery" was used from 1941 to 1954 and during this time Abner Kreisberg was an associate. Some of these catalogs developed a bit of "mustiness" during their long storage, but a good airing should help. A wonderful opportunity to acquire some much in demand material.

Dear Subscriber,

This list of the prices realized in our eighth mail-bid sale of numismatic literature indicates that the collector is still the "driving force" in today's coin market. Looking at the demand for reference books and catalogs, it is quite apparent that there are some serious students who are avidly building substantial libraries of numismatic-related material.

The "edge" that this knowledge imparts certainly benefits the bibliophile in many ways. Aaron Feldman's sage advice - "Buy the book before the coin!" - not only is important for acquiring the necessary information regarding individual coins, but as a means to a fuller enjoyment of the historical basis for our collecting experience.

My thanks to our consignors in this sale and especially to those of you who were active bidders. The format that we use is somewhat burdensome to execute, but I feel that it is important for the collector to be able to select individual items and not cumbersome groups of sale catalogs or books. Those of you who are attempting to complete "runs" of certain companies' offerings have indicated that our blueprint is appreciated.

I will be attending the A.N.A. 100th Anniversary convention in Chicago during the month of August and I am looking forward to seeing our many good friends and also am hopeful of getting to meet those that I know only through our correspondence. Shortly after that convention, you will be receiving the catalog of our Fall sale. We have acquired a most interesting group of items from a very large library and I am sure that the bidding will reflect the high quality of this offering.

Many thanks for your participation and support.

Regards,

Fred L. Lake
